Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Wednesday 17 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry, but rather cloudy at times.

This Evening and Tonight:
Largely dry this evening, with prolonged clear spells. Cloud increasing after midnight, bringing the chance of the odd spot of rain, but generally it will remain dry. Minimum temperature 4 deg C (39 deg F).

Thursday:
A largely dry day with bright or sunny spells. However, cloud and patchy rain is likely to spread into eastern parts later, as it becomes increasingly breezy. Maximum temperature 14 deg C (57 deg F).

Outlook for Friday to Sunday:
Cloudy Friday with some patchy rain and drizzle. Mostly dry Saturday and Sunday but still rather cloudy. Feeling cool underneath the cloud.
